Looking to diagnose
and repair both
ZF and WABCO systems?

Choose **ZF DCI**

- ZF and WABCO diagnostics capabilities
- Worldwide coverage

ZF DCI

PN: 446 301 249 0

Smart adapter

- Equipped with smart adapter for backwards compatibility to legacy ZF and WABCO connectors.

Wireless connection

- Wired (USB, Ethernet) or wireless (Bluetooth, Wifi) connection of ZF DCI to laptop and tablet.

State-of-the-art design

- Color-coded LED status indicators
- Housing with integrated bumper
- Protection class IP44

Designed for automotive environment

- Protected by a tough, rugged outer shell
- Supports all the latest diagnostic protocols including DoIP and CAN FD.
- Support of K-line, PLC, J1708 and truck-to-trailer (ISO11992/ISO7638) protocols
- Built in data logger

- ① Compatible with WABCO & ZF components and systems diagnostics
- ① Supports trucks, trailers, buses, passenger cars and off-highway vehicles
