

# PERFECTION IN THE PRACTICAL ALL-ROUND KIT

SAVES TIME, SAVES MONEY, SAVES STRESS.  
TRANSMISSION OIL CHANGE.  
TIME FLIES. EVERY MINUTE COSTS MONEY.  
EFFICIENCY IS EVERYTHING.

### Everything at hand, everything taken care of

Whether workshop or retailer – you know what we are talking about. There is only one solution for the perfect transmission oil change: ZF oil change kits. We offer you everything in one package.

### It’s all included

ZF oil change kits contain all necessary spare parts for a transmission oil change. Depending on the transmission type, they contain a plastic oil pan with integrated filter and the right seal.

### For a smooth oil change

All parts are right there where you need them and combined with the suitable transmission oil. Eliminate downtimes due to missing or incorrectly ordered parts.

### Quality for your customers

You can rely on OEM quality parts and be your customer’s perfect partner. With ZF oil change kits, you are not only effective, you also reduce the risk of failures and malfunctions and ensure a consistently high shifting comfort.

# OIL CHANGE KITS AND OILS FOR ZF AUTOMATIC TRANSMISSIONS

COST-EFFECTIVE.  
EFFICIENT. SIMPLE.  
BY ZF.

RUNS  
SMOOTHLY

The oil change kits can be used in the following cases:

- Transmission oil change incl. replacement of filter
- Leaks on oil pan or housing
- Leaks on oil cooler
- Replacement of torque converter

At very high operating temperatures, the oil in automatic transmissions ages faster than under normal conditions. Depending on the driving style, ZF therefore recommends a transmission oil change every 100,000 km or after 8 years at the latest.

PROGRAM OVERVIEW –  
THE RIGHT KIT FOR EVERY  
TRANSMISSION TYPE

Advantages for service operators

- Saves you time in the office; no research
- Saves you working hours; all parts immediately at hand
- Saves your customer time; no delays due to incorrect or missing parts
- Suitable oil change kits for a number of vehicle models
- All parts and oils from the transmission experts
- ZF OE quality

Advantages for vehicle owners

- Extends the transmission’s service life
- Retains the highest level of shift comfort
- Reduces wear on components subjected to a high level of stress
- Prevents transmission failure and general malfunction

6HP/8HP ZF OIL CHANGE KITS

Depending on the transmission type, the ZF oil change kits for 6HP/8HP automatic transmissions contain a complete plastic oil pan with integrated oil filter. Available with the respective ZF-LIFEGUARDFLUID (1 liter) transmission oil.

ZF-LIFEGUARDFLUID 5/6/7/8/CVT/DSG6

ZF-LIFEGUARDFLUIDS have been specifically harmonized to each ZF automatic transmission. They ensure smooth running and optimal shifting characteristics, minimize wear on components subjected to a high level of stress and extend the transmission’s service life when changed regularly.

EACH TYPE HAS ITS OWN OIL CHANGE KIT

Oil change kits are available for all ZF automatic passenger car transmissions in the 6-speed and 8-speed generation for the premium categories of the manufacturer brands.
