

WABCO EaseTec M6

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Trade name

WABCO EaseTec M6

Article No.

8305030624

1.2. Relevant identified uses of the substance or mixture and uses advised against

Product type

Mixture.

Relevant identified uses

Grease.

Not suitable for use in

Restricted to professional users.

1.3. Details of the supplier of the safety data sheet

SDS created by

Global Division B Product Compliance Mgmt. System (BWC)

Supplier

ZF CV Distribution Germany GmbH & Co. KG

Address

Am Lindener Hafen 21
30453 Hannover
Germany

Telephone

+800 438 92226

Contact person

Global Division B Product Compliance Mgmt. System (BWC)

Email

msds.zf-aftermarket@zf.com

1.4. Emergency telephone number

(+49) 89 19 240; 112

Available outside office hours

Yes

WABCO EaseTec M6

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Description

The product has not been classified as hazardous, but needs to be labelled according to regulation (EU) 1272/2008 (CLP).

2.2. Label elements

Supplemental hazard statements

EUH210 Safety data sheet available on request.

EUH212 Warning! Hazardous respirable dust may be formed when used. Do not breathe dust.

2.3. Other hazards

No data available

Other

This mixture does not contain any substances that are assessed to be a PBT or a vPvB in a concentration $\geq 0,1$ %.

This product does not contain any substance present at a concentration equal to or greater than 0.1% by mass, included in the list drawn up in accordance with article 59, paragraph 1 of the REACH Regulation, due to its endocrine disrupting properties, or a substance known to have endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation 2018/605.

SECTION 3: Composition/information on ingredients

3.2. Mixtures

Product based on

Hazardous ingredients: No.

No classified ingredients, or those having occupational exposure limits, present above the levels of disclosure.

Chemical Characterization: Calcium special soap. Mineral oil. Solid lubricant.

Substance additional information

For the complete text of H- / EUH-statements mentioned in this section, see section 16.

WABCO EaseTec M6

SECTION 4: First aid measures

4.1. Description of first aid measures

Inhalation

Remove victim to fresh air. If signs/symptoms persist, seek medical attention. Keep victim warm and calm. If breathing is irregular or stops, give artificial respiration.

Skin contact

Remove contaminated clothing. Get medical attention if any discomfort continues. Wash with soap and water.

Eye contact

Immediately rinse with plenty of water for at least 10 minutes, also under the eyelids. If eye irritation persists, seek medical attention.

Ingestion

Move the victim to fresh air.
Do not induce vomiting without medical advice.

4.2. Most important symptoms and effects, both acute and delayed

None known.

4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media

Extinguish with alcohol-resistant foam, carbon dioxide, dry powder or water fog.

Unsuitable extinguishing media

Do not use water jet.

5.2. Special hazards arising from the substance or mixture

Carbon dioxide (CO₂).
Carbon monoxide (CO).
Sulphur oxides.
Metal oxides.

5.3. Advice for firefighters

Special protective equipment for fire-fighters

In case of fire, wear self-contained breathing apparatus. Use personal protective equipment. Inhalation of decomposition products can be harmful to health.

WABCO EaseTec M6

Other

Measures in case of fire

Common measures for fires involving chemicals.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Get people to safety. Do not breathe vapor/aerosol.
See protective measures under points 7 and 8.

6.2. Environmental precautions

Prevent material from entering drains or water courses. If large spills cannot be contained, local authorities should be notified.

6.3. Methods and material for containment and cleaning up

Collect and place in appropriately labelled containers.

6.4. Reference to other sections

For personal protection, see section 8.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Preventive handling precautions

For personal protection, see section 8. Do not eat, drink or smoke when using this product. Wash hands and face before breaks and immediately after handling the product.

General hygiene

Wash face, hands and all exposed skin thoroughly after use.

7.2. Conditions for safe storage, including any incompatibilities

Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabeled containers. Use appropriate containment to avoid environmental contamination. See Section 10 for incompatible materials before handling or use.

7.3. Specific end use(s)

No specific recommendations.

WABCO EaseTec M6

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Exposure limits

Occupational exposure limits: No exposure limit value known.

Biological Limit Values (BLV): No exposure indices known.

DNEL/DMEL

Product/Substance name (CAS No./EC No.)	Type	Exposure	Value	Population	Effects
Ostanki olja (zemeljsko olje), obdelani z vodikom; Bazno olje - nespecificirano (-/-)	DNEL	Chronic (long term) Inhalation	2.7 mg/m ³	Workers	Systemic
Ostanki olja (zemeljsko olje), obdelani z vodikom; Bazno olje - nespecificirano (-/-)	DNEL	Acute (short term) Inhalation	5.6 mg/m ³	Workers	Systemic
Ostanki olja (zemeljsko olje), obdelani z vodikom; Bazno olje - nespecificirano (-/-)	DNEL	Chronic (long term) Dermal	1 mg/kg	Workers	Systemic

8.2. Exposure controls

Appropriate engineering controls

None.

Eye / face protection

Safety glasses.

Hand protection

Material: nitrile rubber.

Breakthrough time: > 10 min

Protection index: Class: 1

Filter type: P

In case of prolonged or repeated contact, wear gloves. The penetration time depends, among other things, on the material, density and design of the glove and must therefore be determined on a case-by-case basis.

The protective gloves selected must meet the specifications of EC Directive 2016/425 and the standard EN 374 derived from it.

Other skin protection

Select body protection according to its type, the concentration and quantity of the hazardous substances and the specific workplace.

SAFETY DATA SHEET

According to Regulation (EC) No 1907/2006

Version number: 1

Issued: 2026-05-08

WABCO EaseTec M6

Respiratory protection

Not required. except in the case of aerosol formation.

Other

protective measures: The type of protective equipment must be selected according to the concentration and quantity of the hazardous substance in the workplace.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state

Paste

Colour

Grey.

Odour

Characteristic.

Odour threshold

No data available.

Melting point / freezing point

No data available.

Boiling point or initial boiling point and boiling range

No data available.

Flammability

Combustible solids.

Lower and upper explosion limit

No data available.

Flash point

Not applicable.

Auto-ignition temperature

No data available.

Decomposition temperature

No data available.

pH

Not applicable.

**SAFETY DATA SHEET**

Version number: 1

WABCO EaseTec M6

Issued: 2026-05-08

Other

Bulk density : No data available.

Sublimation point: No data available.

SECTION 10: Stability and reactivity

10.1. Reactivity

No particular dangers to mention.

10.2. Chemical stability

Stable under normal use conditions.

10.3. Possibility of hazardous reactions

No dangerous reactions known when used as directed.

10.4. Conditions to avoid

No particular dangers to mention.

10.5. Incompatible materials

No particular dangers to mention.

10.6. Hazardous decomposition products

No decomposition if stored and applied as directed.

SECTION 11: Toxicological information

11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

Acute toxicity

No information available.

Skin corrosion/irritation

No information available.

Serious eye damage/irritation

No information available.

Respiratory or skin sensitisation

No information available.

Germ cell mutagenicity

No information available.

WABCO EaseTec M6

Carcinogenicity

Based on available data, the classification criteria are not met.

Repeated dose toxicity

No information available.

Reproductive toxicity

Based on available data, the classification criteria are not met.

STOT-single exposure

Based on available data, the classification criteria are not met.

STOT-repeated exposure

Based on available data, the classification criteria are not met.

Aspiration hazard

Based on available data, the classification criteria are not met.

11.2. Information on other hazards**Endocrine disrupting properties**

This product does not contain any substance present at a concentration equal to or greater than 0.1% by mass, included in the list drawn up in accordance with article 59, paragraph 1 of the REACH Regulation, due to its endocrine disrupting properties, or a substance known to have endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation 2018/605.

Other information

The information provided is based on data from the components and toxicity of similar products.

SECTION 12: Ecological information**12.1. Toxicity****Acute toxicity**

No data available.

Acute algae toxicity

No information available.

Acute crustacean toxicity

No information available.

Micro-/macro organism toxicity

No information available.

12.2. Persistence and degradability

No data available.

WABCO EaseTec M6

Decay/transformation

No data available.

12.3. Bioaccumulative potential

No data available.

12.4. Mobility in soil

Mobility

No data available.

12.5. Results of PBT and vPvB assessment

Results of PBT and vPvB assessment

This mixture does not contain any substances that are assessed to be a PBT or a vPvB in a concentration $\geq 0,1$ %.

12.6. Endocrine disrupting properties

This product does not contain any substance present at a concentration equal to or greater than 0.1% by mass, included in the list drawn up in accordance with article 59, paragraph 1 of the REACH Regulation, due to its endocrine disrupting properties, or a substance known to have endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation 2018/605.

12.7. Other adverse effects

No information available.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Disposal considerations

The product should be prevented from entering drains, water courses or the soil.

The waste code number should be determined by the consumer based on the intended use of the product.

Packaging

Do not empty into drains; dispose of this material and its container in a safe way. When storing used products, ensure that the waste categories and mixing instructions are observed.

Dispose of contents/container in accordance with local regulations.

Waste code	Waste description
12 01 12*	spent waxes and fats
15 01 10*	packaging containing residues of or contaminated by hazardous substances

Please note - an asterisk (*) next to a code denotes that it is HAZARDOUS WASTE.

WABCO EaseTec M6

SECTION 14: Transport information

14.1. UN number

Not regulated.

14.2. UN proper shipping name

ADR / RID / ADN proper shipping name

Not regulated.

14.3. Transport hazard class(es)

Label

Not regulated.

ADR / RID Class

Not regulated.

ADR / RID Classification code

Not regulated.

ADR / RID hazard identification number

Not regulated.

IMDG Class

Not regulated.

IATA Class

Not regulated.

14.4. Packing group

Not regulated.

14.5. Environmental hazards

Not regulated.

IMDG Marine Pollutant

Not regulated.

14.6. Special precautions for user

Not applicable.

14.7. Maritime transport in bulk according to IMO instruments

Not applicable to product in delivery condition.

Other

ADN: Not regulated.

WABCO EaseTec M6

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

EU regulations

Annex XVII - Restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles: Not applicable.

Substances of very high concern (SVHC): This product does not contain substances of very high concern (Regulation (EC) No 1907/2006 (REACH), Article 57).

Ozone depleting substances (1005/2009/EU): Not applicable.

Regulation 2019/1021/EU on persistent organic pollutants (POPs) (recast), as amended: Not applicable.

Regulation (EC) No. 649/2012 Import and export of dangerous chemicals: Not applicable.

Annex XIV - List of substances subject to authorization: Not applicable.

REGULATION (EU) 2019/1148 on the marketing and use of explosives precursors: Not applicable.

DIRECTIVE 2012/18/EU (SEVESO III) on the control of major-accident hazards involving dangerous substances: Not applicable.

Volatile Organic Compound (VOC): Not applicable.

National regulations

No data available

15.2. Chemical safety assessment

No data available

SECTION 16: Other information

Phrase meaning

EUH210 Safety data sheet available on request.

EUH212 Warning! Hazardous respirable dust may be formed when used. Do not breathe dust.

SAFETY DATA SHEET

Additional information

This material safety data sheet applies only to originally packaged and labeled goods. The information contained therein may not be reproduced or modified without our express written permission. Any forwarding of this document is only permitted to the extent required by law. Any further, in particular public, distribution of our safety data sheets (e.g. as a download on the Internet) is not permitted without our express written permission. We provide our customers with amended material safety data sheets in accordance with legal regulations. The customer shall be responsible for forwarding safety data sheets and any changes thereto to its own customers, employees and other users of the product in accordance with the statutory provisions. We assume no liability for the topicality of the material safety data sheets received by users from third parties. All information and instructions in this Material Safety Data Sheet have been prepared to the best of our knowledge and are based on the state of the art on the date of issue. The information provided should describe the product with regard to the necessary safety measures; they do not provide assurance of properties or guarantee of the suitability of the product for the individual case and do not constitute a contractual legal relationship. The existence of a safety data sheet for a particular jurisdiction does not necessarily mean that the import or use within that jurisdiction is permitted by law. If you have any questions, please contact your responsible sales contact or the authorized dealer.
