SAFETY DATA SHEET  
According to the Hazard Communication Standard  
29 CFR 1910.1200  

Trade name: ZF-ECOFLUID M

1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier  
Trade name: ZF-ECOFLUID M  
Product code: 0671.090.384 0671.090.385 0671.090.386  
Substance/mixture: Mixture

1.2 Recommended use of the chemical and restrictions on use  
Use of the Substance/Mixture: Transmission oil.  
Uses advised against: Do not use for any purpose other than the one for which it is intended

1.3 Details of the supplier of the safety data sheet

ZF Friedrichshafen AG  
ZF Aftermarket  
Obere Weiden 12  
97424 Schweinfurt  
Germany  
+49 9721 475 60  
www.zf.com/contact

1.4 Emergency telephone number  
24/7h Emergency telephone number: +49 89 19 240 Information in German and English

2. Hazards identification

2.1 Classification of the substance or mixture  
This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

2.2 Label elements  
This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Hazard Statements: None  
Unknown Acute Toxicity: No information available  
Hazards not otherwise classified: None known
2.3 Other information
Contaminated surfaces will be extremely slippery. Should not be released into the environment.

3. Composition/information on ingredients

Additional information Product containing mineral oil with less than 3% DMSO extract as measured by IP 346.

4. First aid measures

4.1 First aid measures for different exposure routes
General advice: IN CASE OF SERIOUS OR PERSISTENT CONDITIONS, CALL A DOCTOR OR EMERGENCY MEDICAL CARE.

Eye contact: Rinse thoroughly with plenty of water, also under the eyelids.

Skin contact: Remove contaminated clothing and shoes. Wash off with soap and water. Wash contaminated clothing before reuse.

Inhalation: Move to fresh air.

Ingestion: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Call a physician or Poison Control Center immediately.
SAFETY DATA SHEET

Trade name: ZF-ECOFLUID M

4.2 Most important symptoms/effects, acute and delayed

Skin contact: Not classified.
Eye contact: Not classified.
Inhalation: Not classified. Inhalation of vapors in high concentration may cause irritation of respiratory system.
Ingestion: Not classified. Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhea.

Symptoms: Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.

4.3 Indication of immediate medical attention and special treatment needed, if necessary

Notes to physician Treat symptomatically.

5. Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media: Carbon dioxide (CO 2). ABC powder. Foam. Water spray or fog.

Unsuitable extinguishing media: Do not use a solid water stream as it may scatter and spread fire.

5.2 Explosion Data

Sensitivity to Mechanical Impact: None
Sensitivity to Static Discharge: None

5.3 Advice for firefighters

Protective Equipment and Precautions for Firefighters: As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Evacuate non-essential personnel.
6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

General Information:
Do not touch or walk through spilled material. Contaminated surfaces will be extremely slippery. Use personal protective equipment. Ensure adequate ventilation. Remove all sources of ignition.

Other information:
See Section 12 for additional information.

6.2 Environmental precautions

General Information
Do not allow material to contaminate ground water system. Try to prevent the material from entering drains or water courses. Local authorities should be advised if significant spillages can not be contained. See Section 12 for additional Ecological Information.

6.3 Methods and materials for containment and cleaning up

Methods for cleaning up:
Dam up. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Keep in suitable, closed containers for disposal.

7. Handling and storage

7.1 Precautions for safe handling

Advice on safe handling:
When using, do not eat, drink or smoke. For personal protection see section 8. Use only in well-ventilated areas. Do not breathe vapors or spray mist. Avoid contact with skin, eyes and clothing.

Prevention of fire and explosion:
Take precautionary measures against static discharges: Ground/bond containers, tanks and transfer/receiving equipment.
Hygiene measures

Ensure the application of strict rules of hygiene by the personnel exposed to the risk of contact with the product. Regular cleaning of equipment, work area and clothing is recommended. Wash hands before breaks and immediately after handling the product. Do not use abrasives, solvents or fuels. Do not dry hands with rags that have been contaminated with product. Do not put product contaminated rags into work-wear pockets.

7.2 Conditions for safe storage, including any incompatibilities

Technical measures/Storage conditions

Keep away from food, drink and animal feedingstuffs. Keep in a bunded area. Keep container tightly closed. Keep preferably in the original container. Otherwise reproduce all indication of the regulation label on the new container. Do not remove the hazard labels of the containers (even if they are empty). Design the installations in order to avoid accidental emissions of product (due to seal breakage, for example) onto hot casings or electrical contacts. Protect from frost, heat and sunlight. Protect from moisture.

Materials to Avoid

Strong oxidizing agents.

8. Exposure controls/personal protection

8.1 Control parameters

Exposure limits

Mineral oil mist:
USA: OSHA (PEL) TWA 5 mg/m³, NIOSH (REL) TWA 5 mg/m³, STEL 10 mg/m³, ACGIH (TLV) TWA 5 mg/m³ (highly refined).

Exposure controls

Engineering Measures

Apply technical measures to comply with the occupational exposure limits.

8.2 Individual protection measures, such as personal protective equipment
### General Information:
If the product is used in mixtures, it is recommended that you contact the appropriate protective equipment suppliers. These recommendations apply to the product as supplied.

### Eye/Face Protection:
If splashes are likely to occur, wear: Safety glasses with side-shields.

### Skin and body protection:
Wear suitable protective clothing. Protective shoes or boots.

### Hand protection:
Hydrocarbon-proof gloves. Rubber gloves. Nitrile rubber. Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves. Also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion, and the contact time.

### Respiratory protection:
None required under normal usage. If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations.

### Hygiene measures:
Ensure the application of strict rules of hygiene by the personnel exposed to the risk of contact with the product. Regular cleaning of equipment, work area and clothing is recommended. Wash hands before breaks and immediately after handling the product. Do not use abrasives, solvents or fuels. Do not dry hands with rags that have been contaminated with product. Do not put product contaminated rags into workwear pockets.

term exposure

Sensitization
Not classified as a sensitizer. Contains sensitizer(s). The supplier of one of the components contained within this formulation has indicated that they have data, which confirms that at the concentration used, no sensitisation classification is required.

Carcinogenicity
This product is not classified carcinogenic.
