

Fig. 1: Supporting joint, thread securing agent

- 1 Thread securing agent Loctite® 243™
- 2 Large thread
- 3 Supporting joint

### **WARNING**

#### **Risk of accident!**

Chassis parts are safety-relevant parts.

Assembly errors can lead to serious accidents.

Only use fasteners with the correct dimensions and strength values.

Observe the installation instructions and tightening torques of the vehicle manufacturers.

#### **Prior to installation**

Apply Loctite® 243™ thread securing agent (1) to the large thread (2) on the supporting joint (3) (Fig.1).
