

Ford Fiesta IV

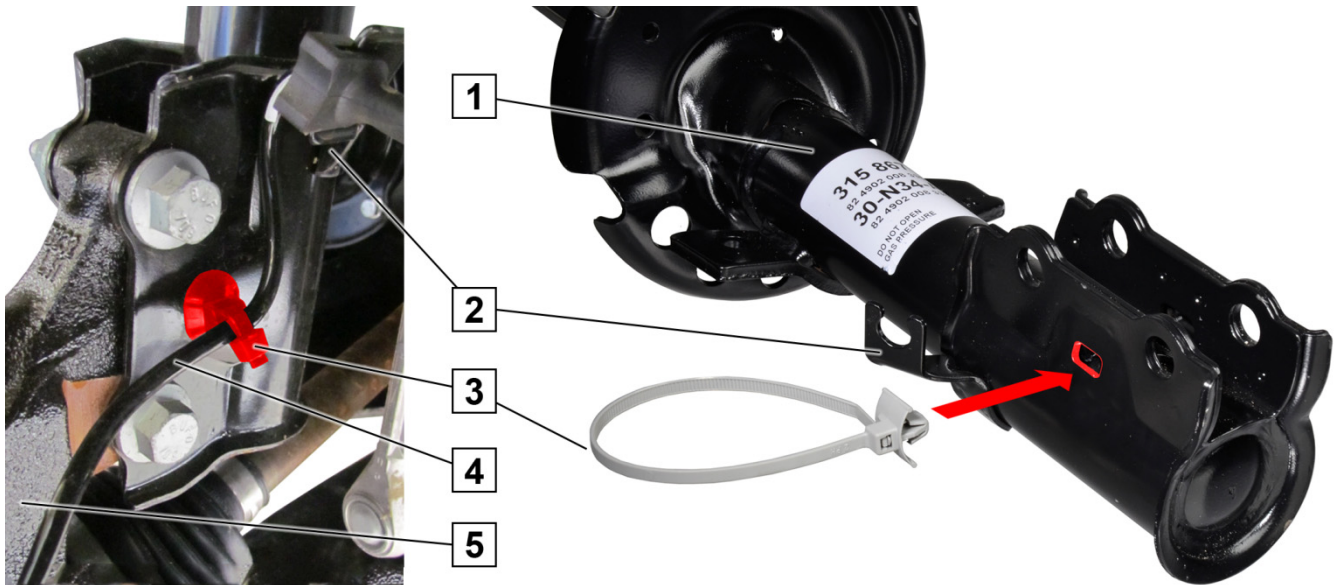

Fig. 1: Fasten ABS cable with cable clip (3)

- | | | | |
|---|----------------------------------|---|------------------|
| 1 | Suspension strut | 2 | ABS cable holder |
| 3 | Cable clip, Ford item no.1809824 | 4 | ABS cable |
| 5 | Wheel carrier | | |

NOTICE

Connecting the ABS cable incorrectly could damage the cable and cause the antilock braking system to fail.

- ⇒ Always replace cable clip (3, Ford item no.1809824) when installing suspension strut (1).
- ⇒ Fasten ABS cable (4) to suspension strut (1) with cable clip (3).

Removing the suspension strut: The recess clearance used to fasten the cable clip (3) is either round or rectangular.
 Installing the new suspension strut (1): The recess clearance used to fasten the cable clip (3) is rectangular.
