

Service Information

AS Tronic Transmissions

Use of Replacement Clutches

Vehicles with AS Tronic transmissions	ZF release: Use of replacement clutches	
	SACHS	Other clutch manufacturers
Other vehicles	✓ ¹	✗ ³
MAN	✓ ²	✗ ³

Clutches that were remanufactured by ZF Friedrichshafen AG (SACHS replacement clutches) correspond to the specification of new parts.

- 1 The use with AS Tronic transmissions is released by ZF.
- 2 The use in MAN vehicles with AS Tronic transmissions has been released by ZF and MAN since 2011-01-21. (MAN Service Information 132803a)
- 3 Clutches which were remanufactured by other clutch manufacturers (replacement clutches) are **not** approved by ZF for use in vehicles with AS Tronic transmissions.

Worn or defective parts (flywheel, clutch actuation system, unreleased replacement clutch, etc.) can cause the following malfunctions:

- Error message when breaking in the clutch
- Error message: Clutch release travel
- Shifting jolt
- Juddering
- etc.
